#### **By underground**

We are a few minutes' walk from Earls Court tube (District and Piccadilly lines). Please take the Earls Court Road exit and cross over the road in front of the station. Immediately to your right you will see Earls Court Gardens, walk to the end of the street to where it meets Knaresborough Place and you will see number 10 directly opposite.

#### **By car**

There are parking meters to the south of us in Knaresborough Place and in many of the roads immediately around us. Most availability can usually be found in the roads to the east of Knaresborough Place. The maximum stay is four hours, currently at £3.50 per hour.

Parking spaces are also available at the NCP in the London Marriott Hotel Kensington, next door to us. The car park is open 24 hours a day seven days a week (please note that access to it is from Cromwell Road past the hotel entrance). The charges are £10 for the first two hours and £15 for two to four hours. Whilst this option is more expensive than metered parking, parking wardens are very active in the area and you may like the comfort of not worrying about the meter running out. There is also car parking available at Sainsburys located on Cromwell Road (5 minutes' walk) for a maximum of 2 hours and which is free for customers. Kensington is outside the congestion charge zone.

#### **By taxi**

Numerous taxis are available in the immediate area.
